Let Domaine Carneros Fill Your Valentine's Flute

65mag  • Feb 5, 2021

Whether your Valentine's Day plans entail time spent with a special someone, or a relaxing evening at home alone, the occasion provides a time to reflect on all of the love in your life. Celebrate that love with a flute that is filled with something sparkly. **Few other small pleasures can match the elation-inducing effect of sparkling wine, and one need look no further than our own Napa Valley to find the highest quality cuvées, such as those produced by **Domaine Carneros**.**

Thirty years after the winery's inaugural harvest, Domaine Carneros has become a benchmark for California sparkling wine, reflecting both the individuality of the Carneros' terroir and the craftsmanship of its French legacy. Founded in Napa's Carneros appellation by the Champagne Taittinger family, Domaine Carneros crafts ultra-premium sparkling wines (and limited production Pinot Noirs) at its stunning Carneros facility, styled after an 18th century château-style and situated high atop a knoll and overlooking endless rolling vineyards. The elegant property was architecturally inspired by the historic Château de la Marquetterie owned by Champagne Taittinger in France's Champagne region, and is an iconic Northern California landmark. And though a visit is a Napa Valley 'must,' one need not leave the comfort of one's home in order to enjoy a selection of their best. Choose from a number of gift packs that can be quickly delivered and surprise your Valentine with something extraordinary.
