

# Domaine Carneros Sparkling Wine and the Méthode Traditionnelle in Napa Valley

*November 27, 2019 / Cassidy Boone*

From the building to the bubbles, every aspect of **Domaine Carneros** embodies the authentic **méthode traditionnelle** of winemaking. This highly sought-after classification in the sparkling wine world graces the beautifully hand-labeled bottles from the elegant **Domaine Carneros**, one of the leading wineries in California. The classic French **château** sits on a hill overlooking the rolling hills of grape vines in Napa Valley.

**Domaine Carneros** is led by one of the industry's most talented and respected winemakers, **Eileen Crane**. For the past 32 years, Eileen has formulated the exact recipe for each year's vintage by hand. Using the fresh pressed juices, Eileen carefully mixes 20% of this with 20% of that until she reaches the perfect balance. Somehow Eileen is able to take sweet, unfermented grape juice and predict the flavor of the **Domaine Carneros** sparkling wine that will emerge 3-9 years later! Her talent and palate astound me.
