## Livermore Wine Country: 9 Places to Wine and Dine

September 02, 2018 / Christina Barrueta

Happy and well fed, we were off to the **Wente Vineyards Winemakers Studio** for a wine tasting class. Wente is the largest winery in the Livermore Valley AVA and this year celebrates their 135th anniversary. It is also the oldest continuously-operating, family-owned winery in the country with Karl Wente its fifth generation winemaker and CEO Carolyn Wente, his aunt, a fourth generation winegrower.

Wente is also recognized as helping to establish the Livermore Valley as one of the celebrated wine-growing regions in California.
